

# 2017 NSRA Fellow Pages Sign-Up Time Is Now... Do It Here!

It's that time of year... time for you to put your name and phone number in "the book" so that should a fellow enthusiast be in your neighborhood and need assistance, he or she will have someone to call they know will come to their aid.

That's the way the **NSRA Fellow Pages** work, and that's why it works so well... it's a specialty vehicle enthusiast helping another enthusiast, and that's a proven, unbeatable formula.

As great as the **Fellow Pages** concept is, however, it only works because so many of you, the caring NSRA members, make it work. If it wasn't for all of you that offer to have your names and phone numbers published in the handy, carry-along **Fellow Pages**, this wouldn't be the outstanding program it has become. So, as we do each January, we are reminding everyone once again that it's time to send in the information needed to make 2017 another year when specialty vehicle owners everywhere are assured that help is as close as the nearest telephone. For all of you that have been aided through the generosity of your fellow enthusiasts, it's pay back time. One of the best ways to express your appreciation for help received is to offer the same to another... to be there for the next person that needs the helping hand of a fellow enthusiast.

NSRA compiles all new data and prints a completely new **Fellow Pages** each year, and it is mailed free to all of the members. Every edition is totally new, and we do not pick up any names and phone numbers from the previous year. In this way, only those who care to participate do, and **Fellow Pages** users are assured they are calling on someone that is willing to help and phone numbers are as current as possible. Even if you have been a regular in the **Fellow Pages** in the past, to be included in the new, 2017 edition you must fill out the coupon (below or back side) and send it to NSRA Headquarters in Memphis, Tennessee, by the Friday, February 24th deadline.

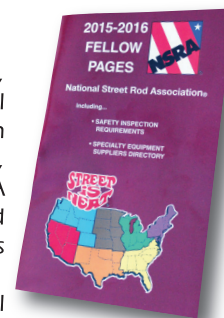

Organizations wishing to have their members' names listed as a group under the name of the club or association will find a convenient form for that use on the reverse side of this

page. When using this "group" listing, make sure the names are in alphabetical order and grouped by city to assist in preparing the information for printing, and make sure everything required (NSRA membership number, name, city and phone number including Area Code) is included and legible.

The **Fellow Pages** booklet itself will only list the names and phone numbers of those requesting to be included, but we need the complete address of the person submitting the name(s) for our records, and to assist us in case there is a question. Please be sure to include this information in the spaces provided as it is important and most helpful.

As in past years, the all new **2017 NSRA Fellow Pages** will be more than just a handy reference guide to those that have volunteered their help to a fellow enthusiast in need. All of the NSRA field force personnel (Directors, State Reps and Safety Inspectors) will be listed, along with a complete outline of the NSRA Vehicle Safety Inspection requirements, making the **2017 Fellow Pages** booklet a valuable traveling companion and all around guide... it will again be something to have with you at all times.

Right now is the time to request that your name and phone number be included in the all new, **2017 NSRA Fellow Pages**. By just offering to be included, even should you never be called on, you will be doing your part to again make this one of the greatest parts of being a specialty motor vehicle enthusiast. Remember... we print and mail the **Fellow Pages** to the members FREE, but you and other caring enthusiasts like you make it work. NSRA's part doesn't mean a thing without you doing your part.
